Great Recipe for Sweet Teeth to Enjoy

- 1 can (14 ounces) sweetened condensed milk
- 1/2 cup chopped nuts
- 1/2 cup seedless raspberry jam (such as Smuckers)

Friends of the Library Meeting Minutes for June 28, 2010

In attendance: Hilary Sonner, Joan Brogioli, Bruce Schmidt, Shirley Levesque, Bonnie Angulus, Sally Hogan; two guests

Meeting called to order at 7:35 p.m.; President Hilary Sonner presiding.

Hilary asked the group to let guest presenters Paul Young and Mike Edgcomb go first.

Paul Young presented a power point presentation on a new fundraising program being promoted for non-profit organizations such as the Friends of the Library. There is no charge to the non-profit organization interested in participating. The program is under the auspices of an online "product brokerage and internet marketing" company called MarketAmerica.com. Participants shop as they would online with major businesses such as Macy's, Sears, Home Depot. 3500 businesses are a part of this program. MarketAmerica.com also has a line of their own products participants may access. A portion of a sale would be donated to the non-profit. To generate sales leading to more money for fundraising, participants would be encouraged to let their friends and relatives know about the program. Market America.com has an A+ rating with the Better Business Bureau and is ranked #52 amongst the thousands of e-retailers. The reason businesses are interested participating in the program is it cuts down on their advertising expenses.

Questions asked:

1. How many sales are needed to make this worthwhile to the non-profit? Presenters were unable to give an answer. The formula for computing the amount going to the non-profit is not just a percent, somewhere between 1-4%, as the percent is converted to points and then to money. There was not enough time for the presenters to explain the formula.
 2. Do they sell the e-mail list of participants? They do not.
 3. Do they send e-mails to customers? They do not, though the business one buys from may do so.
 4. Do they sell any personal information? They do not.
 5. What is the minimum amount needed before a check would be mailed to an organization? \$50. There is no time limit on accumulating the money. Checks would be mailed monthly if \$50 or more is accrued, otherwise the amount would be rolled over to the next month.
 6. How have other non-profit organizations done with the program? The program is so new there is in no data.
- The group thanked the presenters for the presentation and a discussion followed. The group decided to table the idea until more information is available - mainly to see how other organizations fair. They also thought there would have to be a large volume of sales in order for this idea to make enough money to make it worthwhile. It was noted we are a small community.

Minutes for May 24, 2010 meeting accepted as published in the June 2010 newsletter.
